Second, Australia s retains an abiding political allergy to all things nuclear, which, as Dr.

Riley Clendo:What are the needs of Australia s navy going forward? Do you feel it

That would mean using disruptive technologies to exploit Australia s geographical advantages in ways that raise the costs and risks to hostile forces seeking to project air or land power in the vicinity of Australia s air and maritime approaches or in the approaches to the archipelago to its north.

British nuclear submarine purchases or leases.

To this end, Washington would use all elements of its power, including its alliances, to preserve an unambiguous hierarchy intended to leave Beijing in no uncertain terms about the costs and consequences of adventurism.
