President Barack Obama to Australia? Do you feel it was a success from an Australian viewpoint? Should Australia be allowing U.S.

In this regard, Air Independent Propulsion systems will be a salient consideration.

to the region, not as a hegemon, but as a regional power with vested interests in offsetting the excesses of China s legitimate influence in East Asia.

a major upgrade of its surface fleet, with plans for three Air-Warfare Destroyers, two massive

Babbage has spelled out some of the costs and risks associated with his two least preferred options: off-the-shelf submarines, most likely from a European supplier such as Germany, France or Spain lack an optimal level of range, endurance and speed.

Babbage is right about the centrality of submarines to Australian defense policy.

feel it should base its strategic thinking on China's growing capabilities? What type of vessels

Japan, Taiwan, South Korea, even the United states each finds itself in the similarly peculiar position of being economically enmeshed with its major strategic competitor.

For many Australians, all of this is good news.
