s visit took place obscured the fact that the region really is changing for the

Japan, India and the countries of Southeast Asia have a much more immediate stake in containing the reach of Chinese power.

It s time to begin planning for alternatives.

Ross Babbage wrote a recent article in The Diplomat advocating for U.S.

First, they are not presently available, and there are few signs that Washington or London would be prepared to transfer their most cutting edge nuclear propulsion and defence technology to any country, even a close ally like Australia.

predominance, and the reality of Washington s receding power, Harry contends that Australia and other U.S.

Canberra would, in my view, be far better served by emulating key aspects of China s own sea-denial strategy,

which blurs strategically defensive objectives with an offensive war-fighting doctrine to clear rival navies out of designated areas.
