Harry s solution echoes the strategic agenda advocated by several commentators, myself included: Washington s allies must seek to bind the U.S.

Do you feel this is the right approach? Would a home grown diesel submarine with advanced AIP capabilities work better? With Canberra scheduled to introduce 12 new submarines over the next few decades, Dr. Whether this is possible will obviously depend on specific design parameters of the platforms themselves, and in particular on whether they can operate far enough forward to thwart inter-archipelagic supply lines and fulfil Australia s longstanding strategic objectives in Southeast Asia.

needs to develop anti-ship missiles to keep up with other nations in Asia? Do you President Barack Obama reviews Australia's Federation Guard, November 2011 Thomas Pinkerton: How do you view the recent visit by U.S.
