Second, Australia s retains an abiding political allergy to all things nuclear, which, as Dr.

That would mean using disruptive technologies to exploit Australia s geographical advantages in ways that raise the costs and risks to hostile forces seeking to project air or land power in the vicinity of Australia s air and maritime approaches or in the approaches to the archipelago to its north.

In this sense, Australia can and should take advantage of the opportunity to remain aloof from Asia s power politics to the greatest possible extent.

worse, and that the costs of Canberra s alliance are going up both in terms

To this end, Washington would use all elements of its power, including its alliances, to preserve an unambiguous hierarchy intended to leave Beijing in no uncertain terms about the costs and consequences of adventurism.

How does Australia reconcile such a position? Does Australia have to make a firm choice one way or another?

Interestingly enough, Australia s strategic dependence on the United States and economic dependence on China isn t all that unique.
