In terms of Australia s future submarine capability, Dr.

rate out of proportion to Western forces ability to defend against them, Australia is undertaking

That would mean using disruptive technologies to exploit Australia s geographical advantages in ways that raise the costs and risks to hostile forces seeking to project air or land power in the vicinity of Australia s air and maritime approaches or in the approaches to the archipelago to its north.

Second, Australia s retains an abiding political allergy to all things nuclear, which, as Dr.

President Barack Obama reviews Australia's Federation Guard, November 2011 Thomas Pinkerton: How do you view the recent visit by U.S.

Whether this is possible will obviously depend on specific design parameters of the platforms themselves, and in particular on whether they can operate far enough forward to thwart inter-archipelagic supply lines and fulfil Australia s longstanding strategic objectives in Southeast Asia.

Harry s solution echoes the strategic agenda advocated by several commentators, myself included: Washington s allies must seek to bind the U.S.

In this sense, Australia can and should take advantage of the opportunity to remain aloof from Asia s power politics to the greatest possible extent.
