In buying or leasing British or American SSN s, Australia would find itself almost completely beholden to the goodwill of a foreign power for its basic defense, with potentially deleterious implications for its policy of national self-reliance.

It s time to begin planning for alternatives.

This piece was originally published in The Diplomat Tweet TuesdayNov152011 Interdependence and the Limits of Ross Babbage wrote a recent article in The Diplomat advocating for U.S.

s visit took place obscured the fact that the region really is changing for the predominance, and the reality of Washington s receding power, Harry contends that Australia and other U.S. Japan, India and the countries of Southeast Asia have a much more immediate stake in containing the reach of Chinese power.

Of course, it would still be an onerous undertaking.
